

JARDIN ZOOLOGIQUE

JARDIN ZOOLOGIQUE PATTERN HAS BEEN PART OF HEREND'S COLLECTION SINCE THE 1930S. HIDDEN BUTTERFLIES AND BIRDS CAN BE DISCOVERED IN THE FLORAL ORNAMENTATION INTERLACING THE WHOLE SURFACE. THE RICH AND UNUSUALLY DENSE MOTIF SYMBOLIZES THE LUSH FLORA AND FAUNA OF A TROPICAL FOREST.

THE PATTERN REFLECTING CHINESE INFLUENCE IS AVAILABLE IN ORANGE, GREEN, BLUE AND PINK VARIANTS. THE DESIGN AND THE ALTERNATION OF BLACK AND WHITE BACKGROUNDS MAKES IT POSSIBLE TO LAY TABLES WITH INDIVIDUAL TASTE. SPECIAL FEATURES OF THE DECORATION ARE ITS CONTOURS AND MOTIFS IN GOLD OR PLATINUM, GIVING THE PATTERN UNIQUE APPEARANCE AND ELEGANCE. THE DRAWINGS AND THE ENLARGED MOTIFS RESULT IN A NOVEL ADAPTATION OF CHINESE ARCHETYPES.
